The Legend of Zelda: Phantom Hourglass/Course List

> **This is a sub-page of *The Legend of Zelda: Phantom Hourglass*.**

Please elaborate.
Having more detail is always a good thing.

Contrary to *Spirit Tracks*, which features two files that make up its course list, called courselist.clb and courseinit.cib, *Phantom Hourglass* contains only the former.

#	Course List ID	Developer ID	Translation	Identification	Notes	Used
00	sea	ウミ	Ocean	Ocean		✓
